

Bob grew up in Clearwater, FL and spent every possible moment fishing saltwater... inshore, offshore and everything in between. He attended Florida State University and moved to Atlanta (as far north as he'll ever live) for work opportunities. After residing in Atlanta for over 25 years, he's still trying to figure out lake fishing.

He has been married to wife Lisa for 23 years and they have two sons, Carson and Bennett. All family members love the water and are certified divers. His two sons are his 1st mates and fishing companions.

Bob began his work career as a CPA before transitioning into mortgage banking. He's happy to serve the club as treasurer.
